

Park and Rec Meeting  
11/22/2021

The meeting was called to order by Jessica Boelman. Present were Jessica Boelman, Mark Page, Jordan Johnson, Dawn McCracken, Nicole Bower and Terry Holmes.

John Anderson shared potential designs and ideas for the new park and trail options that will be available as part of the Popular Grove developments. This included additional walking paths, a pond with a path around it, a possible gazebo for picnics and a parking area if desired.

Terry requested any path through the woods be done with wood chips vs. paved, as tree roots cause considerable damage to them. Once all the grading information comes back, engineering will start getting more involved. As they do, we'll revisit this plan and solidify what will be put in and where it will be located.

Holiday party planning is shaping up well. Dawn will finalize beverages with Blue Nose next week which is when we will know if cider is available or not. Dawn and Jessica will bring Christmas DVD's and Netflix also has many holiday options to view.

Jessica will be switching her role to Olaf with Mike now unavailable. Nicole will be Anna. Those hosting the event will wear their holiday themed masks.

Set-up is Wednesday, December 1<sup>st</sup> at 6:00 p.m. On Saturday, December 4<sup>th</sup> everyone will arrive at 9 a.m.

The meeting was adjourned.
