

PR Special Meeting Minutes

February 27th, 2023

The meeting was called to order by Chair Mike Carey. Present were Mike Carey, Kacie Fahey, Mark Page, Nicole Bower, Eric Hanson, Charles Seipel-Teng, Dawn McCracken and Jenni Faulkner. Visitors included Casey Cox, a Landscape Architect with Bolten-Menk, John Anderson with Deer Creek Creek and Tanya Borchardt who has applied to be on the PR Committee.

Casey presented different playground mock-ups for consideration for the Deer Creek Development. In addition, she provided recommendations for extra features like benches, picnic table, bike racks, to consider implementing into the new park space.

After discussion, Casey has an idea of what adjustments are desired for the mock-ups. She will update these and distribute for additional review. John and Jenni will connect to discuss feasibility of requested funds based on the settled-on mock-up and ideas.

Dawn will coordinate purchasing trees for the area around the frisbee golf course as well as in additional areas. Jerod, our Maintenance Supervisor, has provided a suggested layout for the new trees which the Committee has approved.

The next meetings will be March 13th. Beginning in April, we will resume our 2nd and 4th Monday night schedule.

The meeting was adjourned.
