

**Park Rec Minutes  
2-14-2022**

The meeting was called to order by Jessica Boeleman. Present were Jessica Boelman, Josh Lindgren, Jordan Johnson, Mike Carey, Eric Hanson and Dawn McCracken.

An update on the Sunday Summer entertainment was discussed. Currently all dates scheduled, with the exception of June 12<sup>th</sup>, have been booked. We are waiting on an answer from one remaining act. Dawn will follow up with them.

Having additional community events utilize our Public Works building throughout the year were also discussed. It was decided this would be something we would visit again later in the year.

We are currently considering hosting a food truck event in May. This may be a joint activity with Farmington. Further discussion with them will be in a joint meeting on February 28<sup>th</sup>. Jordan has presented the committee with several options of vendors that we could invite. More details about this possible event will be available after the joint meeting with the Farmington Park and Recreation.

The meeting was adjourned.
